

# Backdoor

Waiting at the backdoor,  
for you at the backdoor,  
let me in, let me in,  
crawling at the backdoor,  
it's a sin, a sin,  
waiting at the backdoor,  
I shouldn't do, shouldn't do.

Oh, common let me in, let me in,  
I'm waited for you so long, so long.

After a long time, waiting in the dark, just for you, let me in,  
After a long time, waiting in the dark, just for you, oh common, let me in.

Drunk at the backdoor,  
Here for you, for you,  
I'm waiting at the backdoor,  
for sure, for sure,  
Naked at the backdoor,  
I want you more, want you more.

Oh, common let me in, let me in,  
I'm waited for you so long, so long.

After a long time, waiting in the dark, just for you, let me in,  
After a long time, waiting in the dark, just for you, let me in,

After a long time, waiting in the dark, just for you, let me in,  
After a long time, waiting in the dark, just for you, let me in,

After a long time, waiting in the dark, just for you, let me in,  
After a long time, waiting in the dark, just for you, let me in,
