

# Hear The Fear

I'm on the road, on an empty street,  
I am alone, all by myself,  
I have a feeling, that's something wrong,  
And out of nowhere, she's standing there.

Waiting for me in the darkness,  
Ready to take me away.

Dressed in white, big as the fucking slender man,  
Do you hear the bell ringing,  
Evil stands there in all holiness,  
Smiles at you, with promises on his lips.

Dressed in white, big as the fucking slender man,  
Do you hear the bell ringing,  
Evil stands there and smiles at you,  
Run, run, run, away.

Run through the forest, she's on your heels,  
You hear branches cracking, her breath on your neck,  
Run faster when the bell rings,  
You won't be there anymore.  
Waiting for me in the darkness,

Ready to take me away.

Dressed in white, big as the fucking slender man,

Do you hear the bell ringing,

Evil stands there in all holiness,

Smiles at you, with promises on his lips.

Dressed in white, big as the fucking slender man,

Do you hear the bell ringing,

Evil stands there and smiles at you,

Run, run, run, away.

Dressed in white, big as the fucking slender man,

Do you hear the bell ringing,

Evil stands there in all holiness,

Smiles at you, with promises on his lips.

Dressed in white, big as the fucking slender man,

Do you hear the bell ringing,

Evil stands there and smiles at you,

Run, run, run, away.

Dressed in white, big as the fucking slender man,

Do you hear the bell ringing,

Evil stands there in all holiness,

Smiles at you, with promises on his lips.

Dressed in white, big as the fucking slender man,

Do you hear the bell ringing,

Evil stands there and smiles at you,

Run, run, run, away.
