

# Rebel Queen

Walking down the street, feeling the best I can,  
Nobody can stop me, come at me and try,  
Ain't comparing to others, no I'm better than that.

Stones blocked my way, but I kicked them away,  
One day they'll talk about me, when I go down in history.

I'm a rebel queen, going my way, nothing can stop me,  
I'm a rebel queen, following my way, no one can hold me back,  
I'm a rebel queen, following my way, no one can hold me back,

I go my own damn way, rightly deserve this crown,  
Fought hard to stand here today, they wanted to see me stumble,  
Wanted me to doubt, but I gave them the middle finger.

I'm a rebel queen, going my way, nothing can stop me,  
I'm a rebel queen, following my way, no one can hold me back,  
I'm a rebel queen, following my way, no one can hold me back.

they wanted to see me stumble,  
Wanted me to doubt, but I gave them the middle finger.

I'm a rebel queen, going my way, nothing can stop me,  
I'm a rebel queen, following my way, no one can hold me back,  
I'm a rebel queen, following my way, no one can hold me back,
